Disclosure Notice

The extension of credit costs your cooperative money. That is why we must impose a Finance Charge on past due balances. Your Board of Directors has adopted a credit policy which is applicable to those patrons for whom credit has been approved. Effective update as of May 1, 2013.

Federal and state laws require all businesses, including your cooperative to disclose credit terms to customers in a uniform manner.

Our credit terms are as follows:

- You will be furnished monthly statements for all purchases charged to your account. The closing date for the billing cycle will be the last day of the month and accounts should be paid upon receipt of the statement.
- If the amount on your monthly statement is not received before 15th of the following month, a finance charge will be assessed on the past due balance. Finance charge rate is 18%.
- Discounts are not applied when credit/debit cards are used, no cash discounts will apply.
- If the amount is placed in the hands of an attorney for collection, reasonable attorney's fees will be due to your cooperative in addition to the account balance.
- Community Co-ops reserves the right to revoke credit privileges at any time without notice to the customer.

The notice is being given so that your cooperative will be in compliance with the federal and state laws. This action on credit policy will enable us to manage your cooperative more economically and efficiently for the benefit to all our patrons.

Individual Consent

I hereby consent to include in my gross income, as now or hereafter provided in the Federal Income Tax Laws, the stated dollar amount of each written notice of allocation which I receive from Community Co-ops of Lake Park with respect to my patronage occurring during the current and all subsequent taxable years of this cooperative. If your co-op purchases were only personal items for you and your family, this is only a reminder of the advantage of buying at your co-op; and you do not have to include your dividends as income on your tax return. You should however note on your tax return that you are not reporting the patronage dividend received from this co-op because it is not taxable income to you pursuant to Section 1385(b) of the Internal Revenue Code.
